

TITLE: M1/M3 Tail Switch Change/Hard Anodizing

PRODUCTS AFFECTED: M1 2310, M3 2370, M1 3310, M3 3370 (Incandescent & LED models)

INTRODUCTION:

Pelican has refined several of its tactical lights in the M-Series Line.

DETAILS:

- The new **M1 3310 and M3 3370** and existing **M3 2310 LED and M3 2370 LED** lights now feature a tail-cap switch for easy on/off/momentary, one-hand operation
- The tail cap now replaces the side located switches on the **M1 2310 LED** and **M3 2370 LED** lights

Before

After

| Models Available with Type III Hard Anodizing | Black Finish | O.D. Green Finish |
|---|--------------|-------------------|
| M3 2370 LED | • | • |
| M3 3370 | • | • |
